

Compitox Plus

MAPP No: 14390
Contains 600g /l mecoprop-P

Compitox is a selective herbicide for the control of a wide range of broad-leaved weeds in amenity grassland and managed amenity turf.

The active ingredient is absorbed by both the leaf and roots and is rapidly translocated throughout the target weed.

- Can be tank-mixed with Depitox and Relay Turf Elite for broader spectrum control
- Works in cooler conditions
- Excellent clover control

Product	Pack Size	Rate	Water Volume
