

Fifty90

AGS is proud to supply the full range of innovative Aquatrols products such as industry-leading surfactants, Revolution and Zipline.

In addition to the premium water management technology, Aquatrols have developed the cutting edge bionutritional Attain and a complete range of nutritional liquids.

For all turf situations, there are solutions available in the Aquatrols range to provide optimum playing surfaces, for all sports.

Fifty90 is a high quality, 90 day long-term surfactant to manage water repellency problems in sports turf. It is proven to remain in the soil profile for three months, reducing hydrophobic conditions and promoting turf uniformity.

- Proven to remain in the soil for a minimum of 90 days
- Dramatic effect on hydrophobic soils
- Economical

Product	Pack Size	Rate	Longevity
Fifty90	10, 208 & 1022ltr	50ltr/ha	800ltr/ha
